SECTION 1 – SAFEGUARDING POLICY STATEMENT

SAFEGUARDING POLICY STATEMENT FOR CRAWLEY BAPTIST CHURCH

The purpose of Crawley Baptist Church is: To declare God's Praise, develop Christian Disciples and demonstrate God's Love.

In fulfilling this purpose, we:

- Welcome all including adults at risk into the life of our community
- Run activities for adults at risk
- Make our premises available to organisations working with adults at risk

Our safeguarding responsibilities

The church recognises its responsibilities in safeguarding all adults at risk, regardless of gender, ethnicity, sexuality, gender identity or ability.

As members of this church, we commit ourselves to the nurturing, protection and safekeeping of all associated with the church and will pray for them regularly. In pursuit of this, we commit ourselves to this policy and to the development of sound procedures to ensure we implement our policy well.

- **Prevention and reporting of abuse**

It is the duty of each church member to help prevent the abuse of adults at risk, and the duty of each church member to respond to concerns about the well-being of adults at risk. Any abuse disclosed, discovered or suspected will be reported in accordance with our procedures. The church will fully co-operate with any statutory investigation into any suspected abuse linked with the church.

- **Safer recruitment, support and supervision of workers (Paid and voluntary)**

The church will exercise proper care in the selection and appointment of those working with adults at risk, whether paid or voluntary. All workers will be provided with appropriate training, support and supervision to promote the safekeeping of adults at risk.

- **Respecting adults at risk**

The church will adopt a code of behaviour for all who are appointed to work with adults at risk so that all adults at risk are shown the respect that is due to them.

- **Safer working practices**

The church is committed to providing an environment that is as safe as possible for adults at risk and will adopt ways of working with them that promote their safety and well-being.

- **A safer community**

The church is committed to the prevention of bullying. The church will seek to ensure that the behaviour of any individuals who may pose a risk to adults at risk in the community of the church is managed appropriately.

Safeguarding contact points within our church

The church has appointed the following individuals to form part of the church safeguarding team:

Sandra Warner (Minister for Pastoral Care and Counselling), Designated Person for Safeguarding (DPS)

She will advise the church on any matters related to the safeguarding of adults at risk and take the appropriate action when abuse is disclosed, discovered or suspected.

Phone number 07951014706

Email address: sandra.warner@crowleybaptistchurch.org.uk

Phil Munt, Safeguarding Trustee

He will raise the profile of safeguarding within the church and oversee and monitor the implementation of the safeguarding policy and procedures on behalf of the church trustees.

07712897650

Email address: philipmunt950@hotmail.com

Our church minister is also an important part of the Church Safeguarding Team. Where possible, the Church Safeguarding Team will work together if and when issues arise. However, each person has a responsibility to report allegations of abuse as soon as they are raised.

Putting our policy into practice

- A copy of the safeguarding policy statement will be displayed permanently on the church noticeboard and is available on our church website.
- Each worker with adults at risk will be given a full copy of the safeguarding policy and procedures and will be asked to sign to confirm that they will follow them.
- A full copy of the policy and procedures will be made available on request to any member of, or other person associated with the church.
- The policy and procedures will be monitored and reviewed annually, and any necessary revisions adopted into the policy and implemented through our procedures.
- The policy statement will be read annually at the church meeting in May, together with a report on the outcome of the annual safeguarding review.

SECTION 2 - SAFEGUARDING PROCEDURES

2.1 PROCEDURE FOR RECOGNISING, RESPONDING TO AND REPORTING ABUSE

2.1.1 What to do if Abuse is Suspected or Disclosed

Abuse and neglect are forms of maltreatment of an adult at risk. Somebody may abuse or neglect an adult at risk by inflicting harm, or by failing to act to prevent harm. Adults at risk may be abused in a range of settings, by those known to them or, more rarely, by a stranger. There are many ways in which people suffer abuse. For more information, please see Appendix 1.

Everyone has his or her part to play in helping to safeguard adults at risk within the life of the church:

- If the behaviour of an adult at risk gives any cause for concern
- If an allegation is made in any context about an adult at risk being harmed
- If the behaviour of any individual towards adults at risk causes concern

WHAT TO DO	WHAT NOT TO DO
<ul style="list-style-type: none"> • Listen to and acknowledge what is being said. • Try to be reassuring & remain calm. • Explain clearly what you will do and what will happen next. • Try to give them a timescale for when and how you / the DPS will contact them again. • Take action – don't ignore the situation. • Be supportive. • Tell them that: <ul style="list-style-type: none"> They were right to tell you; You are taking what they have said seriously; It was not their fault; That you would like to pass this information on to the appropriate people, with their permission; • Be open and honest. • Give contact details for them to report any further details or ask any questions that may arise. 	<ul style="list-style-type: none"> • Do not promise confidentiality. • Do not show shock, alarm, disbelief or disapproval. • Do not minimise what is being said. • Do not ask probing or leading questions, or push for more information. • Do not offer false reassurance. • Do not delay in contacting the DPS. • Do not contact the alleged abuser. • Do not investigate the incident any further. • Never leave an adult at risk waiting to hear from someone without any idea of when or where that may be. • Do not pass on information to those who don't need to know; not even for prayer ministry.

2.1.2 Responding to Concerns

When there are concerns that an adult at risk is being abused, the following process must be followed. More detailed information can be found in Appendix 2.

STAGE 1 – The Worker

(Paid or voluntary)

A worker/church attendee has a concern about the welfare of an adult at risk, or the behaviour of an individual.

The person who has the concern has a duty to:

RECOGNISE, RESPOND AND RECORD

A record must be made of the concern, either handwritten or typed. If you have one, use a standard incident report form, if not write your notes on any paper or device available to you. Either way pass your concerns to the DPS within 24 hours. Do not delay reporting your concerns to the DPS because you do not have an incident form available.

The written record should be linked to the 4 W's: be made as soon as possible after the event; be legible; include the name, date of birth and address of adult at risk; include the nature of any concerns and description of any bruising or injuries that have been noticed; include an exact record of what the adult at risk has said, using their own words where possible; include any action taken; be signed and dated; be kept secure and confidential (available only to the DPS and others responsible

STAGE 2 – The Designated Person for Safeguarding (DPS)

The DPS receives the report of concern and then has a duty to:

REVIEW AND REPORT

The report will be reviewed by the DPS with any other relevant information and a decision will be taken (often in liaison with others) as to what action should follow. See Appendix 2 for examples of possible actions. Any formal referral to the police or Social Services should normally be made within 24 hours of receiving the report.

The DPS will make the Regional Safeguarding Lead aware of any referrals to the statutory authorities.

STAGE 3 – The Next Steps

After the decision has been made as to what action should be taken, the DPS, Safeguarding Trustee and the Minister may have a duty to:

SUPPORT AND REPORT

Pastoral support should be offered to all parties affected by any safeguarding concerns (this could be the church as a whole, but more specifically victims; alleged perpetrators; adult at risk; other family members; church workers; the DPS; Minister; members of the leadership team.

Where formal referrals are made, reports may need to be made to the Disclosure and Barring Service (DBS) and the Charity Commission.

If the DPS is not available, or is implicated in the situation, any reports or concerns should be passed to another member of the church Safeguarding Team.

If you think that anyone is in imminent danger of harm, a report should be made immediately to the police by calling 999.

2.1.3 Responding to Concerns Raised about Adults at Risk

When a concern is raised about an adult it should be treated in the same way as a concern about a child i.e., the church worker (paid or voluntary) should:

- 1) **Recognise** that abuse may be taking place.
- 2) **Respond** to the concern.
- 3) **Record** all the information they have received.
- 4) **Report** the concern to the DPS who may, in turn, report it to the statutory authorities.

It is not your role to decide whether someone has mental capacity and is therefore able to make decisions that impact on their safety and well-being. Decisions on mental capacity are best made by professionals with the relevant background information to hand. Always share your concerns with the DPS even if you do not have the consent of the adult to do so – in this instance, make sure the DPS knows that the person concerned has not given consent for the information to be passed on.

The Care Act 2014 provides helpful guidance on these situations:

“If the adult has the mental capacity to make informed decisions about their safety and they do not want any action to be taken, this does not preclude the sharing of information with relevant professional colleagues. This is to enable professionals to assess the risk of harm and to be confident that the adult is not being unduly influenced, coerced or intimidated and is aware of all the options. This will also enable professionals to check the safety and validity of decisions made. It is good practice to inform the adult that this action is being taken unless doing so would increase the risk of harm”.

The DPS will consider all the information to hand and decide whether it is appropriate for the information to be reported to the statutory authorities (see appendix 2 for further information). If there are any concerns about an adult's mental capacity, the DPS will contact the Local Authority Adult Safeguarding Team for advice.

2.1.4 Allegations Against Workers

If you see another worker acting in ways which concern you or might be misconstrued, speak to the DPS about your concerns as soon as you can. This includes the actions or behaviours of those in leadership positions in the church.

Church workers should encourage an atmosphere of mutual accountability, holding each other to the highest standards of safeguarding practice. The following procedure should be followed:

- 1) When an allegation of abuse has been made do not approach the alleged perpetrator about it
- 2) Follow the usual safeguarding procedure: **Recognise, Respond, Record, Report**
- 3) Once the allegation has been reported to the DPS they can liaise with the relevant statutory authority
- 4) Whilst waiting for an outcome from the statutory authorities, the worker about whom concerns have been raised will be supervised as closely as possible, without raising suspicion
- 5) Once the statutory authorities are involved, the church will follow their advice with regard to the next steps to take (for example, suspension of worker, putting a contract in place)
- 6) A written record of all discussions with statutory authorities or other parties should be maintained by the DPS and stored securely and confidentially, where only those directly involved in safeguarding (DPS, Safeguarding Trustee, Minister) can access them.
- 7) No information about the allegation will be shared with people in the church other than those directly involved in safeguarding, not even for prayer purposes.

The suspension of a worker following an allegation is, by definition, a neutral act. Our priority as a church is to protect adults at risk from possible further abuse or from being influenced in any way by the alleged perpetrator.

It may be necessary, for the sake of the adult at risk or to satisfy the needs of an investigation, for the alleged perpetrator to worship elsewhere. In such cases the new church DPS will be informed of the reasons for this happening.

When concerns are expressed about the Senior Minister

Any safeguarding concerns involving a Baptist Minister should always be reported immediately to the local Baptist Association Safeguarding Contact in addition to following the church's usual procedures. Do not tell the Minister that a concern has been raised about them.

When concerns are expressed about the church DPS / Safeguarding Trustee

Any safeguarding concerns involving the DPS, or Safeguarding Trustee should be raised with the Senior Minister. Do not tell the DPS / Safeguarding Trustee that a concern has been raised about them.

2.1.5 Abuse of Trust

Relationships between children, young people and their church workers can be described as 'relationships of trust'. The worker is someone in whom the child or young person has placed a degree of trust. This may be because the worker has an educational role, is a provider of activities, or is even a significant adult friend. It is not acceptable for a church worker to form a romantic relationship with a child or young person with whom they have a relationship of trust.

While by no means restricted to young leaders, those who are in their early adult years will need to be particularly aware of the need not to abuse their position of trust in their relationships with adults at risk.

2.1.6 Allegations Made Against Adults at Risk

When an allegation is made against an adult at risk the following procedure should be followed:

- 1) Do not approach the person about whom the allegation has been made or their parents / carers
- 2) Follow the church's safeguarding procedure: **Recognise, Respond, Record, Report**
- 3) Seek advice from the DPS, who will speak to the police or social services about when to inform a parent. The DPS will also seek advice about what steps need to be taken to ensure the needs of both the victim and alleged perpetrator are met; this may include placing the adult at risk on a Safeguarding Contract or equivalent (see section 3.3: Safer Community / Working with Alleged or Known Offenders)
- 4) Make sure there is pastoral support in place for the adult at risk throughout the process involved.

2.1.7 Pastoral Care

Following an allegation / suspicion

When an allegation/suspicion arises in the church, a period of investigation will follow, which will be stressful for all involved. We will take seriously the testimonies of those who take the very courageous step of talking about their experiences. They need to be heard and taken seriously. It will also be made clear

that if others have relevant information regarding an investigation they are encouraged to come forward. They will be listened to, their voices will be heard, and they will be given all the necessary support. Anything that needs to come into the light must come into the light.

The church will ensure that one person is responsible for dealing with the authorities, another offers support to the victim/s and their family, and another gives pastoral care to the alleged perpetrator, without compromising the alleged victims or their families. It may be necessary to appoint other people to support the families involved.

Where a statutory investigation is under way, this support will be provided with the knowledge of the statutory authority involved.

Where the perpetrator accepts some responsibility, they will be encouraged to seek specialised interventions/treatment to reduce the risk of re-offending. This may only be appropriate once the investigation and legal processes have been completed.

Supporting those who have experienced abuse

As a church, we are committed to caring for those who have experienced abuse and refer to the Baptist Union of Great Britain *Supporting Those who have Experienced Abuse* guide to ensure that we adhere to a model of best practice.

We recognise it is important that those who have experienced abuse:

- Are accepted for who they are, without being made to forgive or being put into a position of feeling guilty and responsible for what happened to them.
- Know that God loves them unconditionally, and that nothing can or will change this truth.
- Can be confident that those in the church community who know about the abuse are with them on their journey – no matter how long or difficult that journey may be.

It may be necessary to signpost individuals to specialist support. The DPS has a list of relevant local information and contacts, ready for anyone who may need it.

2.2 SAFER RECRUITMENT

As a church, we are committed to safer recruitment practices. When recruiting paid church workers who will have contact with adults at risk, the following process will be applied:

- 1) We will develop a clear role profile, person specification and application form;
- 2) When advertising a role which involves working with adults at risk we will make it clear that any appointment is subject to a DBS check;
- 3) All applicants will be asked to complete an application form and include the names of two referees;
- 4) Shortlisting of applicants will be carried out by at least two people, including the line manager or group leader directly overseeing the role being recruited for;
- 5) Interviews will be carried out by at least two people, including the line manager or group leader;
- 6) References, a Self-Disclosure Form and an enhanced DBS check must be completed satisfactorily before the appointed person starts in their role.
- 7) An applicant's UK residency status and/ or right to work in the UK will be checked when recruiting for a paid role.

A similar procedure will be followed when appointing volunteers to work with adults at risk. As a guide, those new to the church would need to be a regular attender / member of the church before applying to become a volunteer with adults at risk. There may be a period of supervised visiting to a group or groups before the application process is formally followed. The interview is likely to be fairly informal and carried out by the group leader or The Minister for Pastoral Care and Counselling. References will be formally requested.

Note: Under the Criminal Justice and Court Services Act 2000, it is an offence for anyone disqualified from working with adults at risk to knowingly apply, accept or offer to work with adults at risk. It is also a criminal offence to knowingly offer work with adults at risk to an individual who is so disqualified or to knowingly allow such an individual to continue to work with adults at risk.

References

Formal written references will be requested, ideally in the form of at least one professional and one personal reference

Appointment and Supervision

The church's safeguarding policy and procedures will be discussed with the applicant and they will be required to sign their agreement to adhere to them. All workers will have a role description and clear lines of accountability to a leader and the leadership team.

Paid workers will also have an assigned supervisor whom they will meet with regularly to discuss work and address any issues or areas of concern. There will be a probationary period of six months in the role before any paid appointment is confirmed.

There will also be regular team meetings to review procedures, share concerns and identify other matters that may need clarification and guidance.

Training

It is important that all workers understand our church's agreed safeguarding procedures and attend BUGB Excellence in Safeguarding training at least once every four years. Where a worker is successfully recruited but has not yet been able to attend the training, they should be given a copy of the Baptist Union of Great Britain's *Gateway to Level 2 Excellence in Safeguarding* booklet and asked to complete the relevant sections. Additional specialist training will also be arranged where needed, for example, in First Aid.

Young helpers under 18 years of age

In law, young helpers under the age of 18 are children and cannot be treated as adult members of a team. Training and mentoring will be given to ensure that they are helped to develop and hone their skills, attitudes, and experience. Young helpers must always be closely supervised by an adult leader and never given sole responsibility for a group of children or adults at risk. When considering ratios of staff to children or adults at risk, young helpers need to be counted as children, not leaders. The safeguarding procedures apply to a young helper just as they do to any other person. Parent / carer permission needs to be sought for young helpers to attend an event or help with a children's group just as you would for any other person under 18 years of age.

2.3 SAFER BEHAVIOUR

The church has a code of behaviour for all those working with adults at risk so that everyone is shown the respect that is due to them:

- Treat everyone with dignity and respect.
- Use age and ability appropriate language and tone of voice. Be aware of your body language and the effect you are having on the adult at risk.

- Listen well to everyone. Be careful not to assume you know what an adult at risk is thinking or feeling. Listen to what is being spoken and how it is said. At the same time, observe the individual's body language to better understand what is being said.
- Be aware of any physical contact you may have with an adult at risk and record it when necessary. For instance, if you need to stop a fight, administer First Aid, give a hug to someone in distress, or protect yourself or others from danger.
- Do not make sexually suggestive comments about or to an adult at risk, even in 'fun'.
- Do not scapegoat, belittle, ridicule or reject an adult at risk.
- Keep a record of any significant incidents or concerns on a Standard Safeguarding Report Form (see Appendix 3). Enter the names of all those present and anything of note which you observe, e.g. details of any fights broken up by the workers, allegations made, etc. All workers who witnessed the incident, overheard it or responded in any way should record the details and sign and date the form.

No one should normally be left working alone with adults at risk, but should instead work as part of a team. If there are insufficient leaders for groups:

- Internal doors should be left open.
- At least two people should be present before external doors are opened for an event.
- Consider whether you could combine groups together or rearrange planned activities.
- Reconsider whether you can run the group safely, carrying out a Risk Assessment to record your findings.

If workers do find themselves on their own with adults at risk, they should:

- Assess the risk of sending the adult at risk home.
- Phone another team member and let them know the situation.
- Train additional leaders as soon as possible.

If an adult at risk wants to talk on a one-to-one basis you should make sure that:

- You try to hold the conversation in a corner of a room where other people are present.
- You leave the door open if you are in a room on your own.
- Another team member knows where you are.

Consideration should be given to how many workers should be involved with a group and whether they should be male or female workers, or both.

Leaders are those adults who have been safely appointed and appropriately trained. Other helpers may be invited to participate in activities for adults at risk under close supervision. Helpers will not be left alone with an adult at risk or given sole responsibility for a group. Helpers will be made aware of and work within the churches safeguarding policy.

SECTION 3 - BEST PRACTICE GUIDELINES

The church is in an amazing position in society, with the opportunity to minister to individuals from the whole community, from the very young to the very old. These best practice guidelines are in place to help those working on behalf of the church to do it well, prioritising the safety and well-being of those they are working with.

3.1 – WORKING WITH ADULTS AT RISK

3.1.1 Premises

The church building will be made as accessible as possible to all people. Any restrictions to access, visibility, audibility, toilet facilities, lighting or heating will be addressed wherever possible, and where necessary, aids and adaptations put in place.

3.1.2 Language

Every effort will be taken to use appropriate language and suitable vocabulary, enabling the greatest level of inclusivity and accessibility. We will be mindful of the language used within worship and the language used to describe people (such as derogatory words focusing on aspects of someone's disability, race or sexuality rather than the person themselves).

3.1.3 Worship

In all worship services, we will consider the varied requirements of our congregation and try to be as inclusive as possible, by:

- Providing some copies of large print type for all printed materials
- Speakers always facing the congregation and not covering their mouths when talking, enabling those who rely on lip-reading
- Describing what is being presented on a screen for those who cannot see it clearly
- Using inclusive language
- Using a variety of liturgy and resources to cater for different levels of understanding
- Using a microphone during times of open prayer so that all can hear
- Considering holding a service which specifically caters for certain groups of adults at risk, such as those with learning disabilities, the deaf or the visually impaired.

3.1.4 Insurance

We will take reasonable steps to safeguard adults at risk and will follow any specific safeguarding requirements as laid out by our insurance company.

3.1.5 Financial integrity

Arrangements are in place for dealing with money, financial transactions and gifts, as outlined below:

- Those who work with adults at risk may become involved in some aspects of personal finance - collecting pensions or benefits, shopping or banking, etc. If handling money for someone else, always obtain receipts or other evidence of what has been done.
- Workers should not seek personal financial gain from their position beyond any salary or recognised allowances or expenses.
- Workers should not be influenced by offers of money.
- Any gifts received should be reported to the church trustees, who should decide whether or not the gift can be accepted.

- Any money received by the church should be handled by two unrelated church workers.
- Care should be taken not to canvass for church donations from those adults who may be at risk, such as the recently bereaved.
- Workers should ensure that church and personal finances are kept apart to avoid any conflict of interest.
- If someone alters their will in favour of an individual known to them because of their church work or pastoral relationship, it should be reported to the trustees. Workers should not act as Executors for someone they know through their work or pastoral role, as this may lead to a conflict of interests.
- Expert legal advice should be sought on matters such as Power of Attorney and Appointeeship to ensure that the situation is clearly understood and is the most appropriate course of action for the adult at risk.

3.1.6 Photographs

Workers should make sure that they have the person's permission to take a picture, and that the subject is happy with the intended use of the pictures. When taking group pictures, workers should remember to get permission from everyone who will be photographed.

3.1.7 Live Streaming Services

When a service or event is being live streamed or recorded to be shared online at a later date, we will ensure people are aware that they are being recorded and appropriate consent will be sought to those who participate in the service, or who may be visible to the camera.

This is in line with the guidance as set out in the Baptist Union of Great Britain guide: Recording and Livestreaming Services: Safeguarding Guidelines for Churches.

3.1.7 Computers

All church computers will have suitable parental controls and blocks put on. Although this is not failsafe, it will make using the computers for inappropriate behaviour more difficult, whilst also protecting any vulnerable users. We will create a policy specifically for church computer use, including terms and conditions for use as well as what will happen if someone breaches these conditions.

3.1.8 Record keeping

It is good practice to record pastoral visits or meetings, noting the date, time, location, subject and any actions which are to be taken. The record of these meetings should stick to facts and try to avoid opinion. Any records of safeguarding allegations, concerns or disclosures should be passed on to the DPS and stored in a safe and secure manner for at least 75 years.

3.1.9 Pastoral Relationships

All those involved in pastoral ministry should work in a way that follows clearly defined procedures, which set out the boundaries to protect those carrying out the pastoral ministry as well as those receiving it:

- Workers should be aware of the power imbalance within pastoral relationships and the potential for abuse of trust.
- Behaviour that suggests favouritism or gives the impression of a special relationship, should be avoided.
- Workers should be aware of the dangers of dependency within a pastoral relationship.

- Workers should never take advantage of their role and engage in sexual activity with someone with whom they have a pastoral relationship.
- All people receiving pastoral ministry should be treated with respect and should be encouraged to make their own decisions about any actions or outcomes.
- Workers should not pastorally minister to anyone whilst under the influence of alcohol or drugs.
- Workers need to recognise the limits of their own abilities and competencies and get further help when working with situations outside of their expertise or role.

3.2 HEALTH AND SAFETY - Safe Practice and Safe Premises

3.2.1 Consent forms

It is essential that we have important information about all adults at risk involved in any activities at the church, which is recorded on our consent forms. The first week someone attends workers must record their name, medical emergency information and a contact name and number. Then they must bring their completed form back with them.

Whenever someone is asked to participate in a service which is to be livestreamed or recorded and shown at a later date written consent for them to be on screen will need to be acquired in line with the guidance set out in the BUGB Guide: Recording and Live Streaming Services and Events: Safeguarding Guidance.

3.2.2 Health and Safety

All activities for adults at risk will comply with the church's current health and safety policy with particular attention paid to the sections on Fire Action, First Aid, PAT testing, Health and Safety and Kitchen and Food Hygiene.

Whenever possible, at all events involving food preparation, at least one worker will hold a valid Basic Food Hygiene Certificate.

Buildings being used for groups with adults at risk will be properly maintained. All workers will be made aware of the Churches Health and Safety Policy and procedures.

3.2.3 Fire

It is the responsibility of all group leaders/responsible persons within the building to ensure the safety of themselves and those who are in their care. In addition, it is a legal requirement that all group leaders/responsible persons are familiar with the emergency procedures in the event of a fire.

3.2.4 First Aid

Our church has a number of trained First Aiders and there is a list showing who they are on the noticeboard. All church groups will ensure that they have sufficient trained first aiders on their regular team so that there is always a first aider present at events and activities.

We have at least one first aid kit as well as an incident reporting book, which must be completed in the event of any accidents, injuries, or incidents. There is also an additional first aid kit for external events. A nominated individual will ensure that the contents of the first aid kits are checked on a regular basis. Completed accident forms should be passed on to the nominated individual. Completed accident forms should be passed on to the Premises Manager.

3.2.5 Supervision of Groups

It should be made clear who is the 'responsible person' for that activity. The responsible person will need to make sure that they keep a register so that they know who is participating in the activity and have an awareness of who else is on the premises.

3.2.6 Food Hygiene

The Food Hygiene (England) Regulations 2013 state that anyone who handles food or whose actions could affect its safety must comply with the regulations. It therefore follows that those with responsibility for food will need to possess the Basic Food Hygiene Certificate and be aware of food safety (preparation, handling and storage, disposal of waste, etc).

3.2.7 Risk Assessment

Before undertaking any activity with adults at risk, the leader will ensure that a risk assessment is carried out. It is advisable to appoint someone specifically for this task.

3.2.8 Insurance

Residential activity organisers will check that there is adequate insurance cover for any activities planned. If the trip is at a centre it is also important to establish that there is appropriate public liability insurance in place.

3.2.9 Transport

These guidelines apply to all drivers involved in the transportation of adults at risk on behalf of the church. They do not apply to private arrangements, for example, transport arrangements made between friends.

- Usually only those who have gone through the church safer recruitment procedures for workers will transport adults at risk (within the DBS eligibility criteria).
- All drivers will have read the church's Safeguarding Policy and agree to abide by it.
- Drivers will be aged 21 or over and have held a full driving licence for at least two years.
- Drivers must ensure that they have adequate insurance cover and that the vehicle being used is road worthy.
- All hired minibuses will have a small bus permit, the necessary insurance and a driver with a valid driving licence that entitles them to drive a minibus.

3.2.10 Outings and Overnight Events involving Adults at Risk

There are additional considerations for a group taking adults with additional needs, such as learning difficulties or mental health needs, on outings or overnight events:

- A risk assessment must be carried out beforehand.
- Planning for the trip should consider specific medical, physical and support needs of each group member, bearing in mind that there may be people in the group who have individual care needs that will have to be met (including personal care).
- Adults at risk should be included in the planning of trips and events.
- Consideration should be given to the suitability and accessibility of the venue and accommodation, travel time and mode of transport, and the affordability of the event.
- Adults at risk should be given all the information about the trip beforehand so that they know where they are going, how long it will take to get there and what type of activities they will be taking part in.

- There should be a minimum of two leaders with each group; the individual needs of those attending may determine the additional number of people required.

Sleeping Arrangements

Consideration should be given to the individual needs of those staying overnight. If there is a need for personal care or additional support during the night, it would be better that the person's usual caregiver also attends the event and therefore shares a room with them.

Personal Care

It is not appropriate for church workers to perform personal care for adults at risk unless this is their usual task (i.e. if they have come along to help generally, but also have a caring role for a member of the group, they can provide personal care for that person).

Activities

Leaders should consider the mobility needs of the group when deciding on activities or events. For example, if members of the group have difficulty walking, then including a walking tour around a town may be inaccessible to some who are attending. If you have members of the group who use wheelchairs then consideration needs to be given as to whether you have sufficient workers to support those who may need pushing.

Safety

It is the responsibility of the workers to always know the whereabouts of every person in the group; this may include monitoring access on and off the site.

General safety rules will be applied as appropriate and advice sought from the event organiser / venue about the fire evacuation procedures. A copy of the event / venue risk assessment should be included with the group leader's risk assessment.

Consent and Medical Information

It is important to recognise that adults at risk are mostly able to give consent for their own involvement in activities, inclusion in photographs and medical treatment. However, in some situations the question of capacity may arise. The guidelines clearly state that an adult at risk should have a say in their care and any arrangements made for them, however, there may be occasions when you need to involve others in decision making. In these situations, seek advice from the DPS with regard to who should be involved.

A medical consent form should be completed by each member of the group and held by the leader. This will include any health concerns, emergency contact information and contact details for their GP. This will allow emergency medical personnel to have access to information should the need arise.

Holding and Dispensing of Medication

Church workers should never agree to hold or dispense medication for those on an event. If someone is unable to manage their own medication then consideration should be given as to whether their usual carer could attend with them or whether they will not be able to attend the event.

Named person for safeguarding on the trip

There will be a named person for safeguarding on all outings and residential trips. This person will not necessarily be the Church Designated Person for Safeguarding but they will be someone trained to Level 3 Excellence in Safeguarding. A discussion with the DPS will be held to identify who this person is and agree how information will be communicated to the DPS if a concern is raised during the event.

3.3 SAFER COMMUNITY

3.3.1 Bullying

Bullying is another form of abuse, and it can be verbal or physical. Bullying doesn't just happen to children; adults can be victims too. There is no legal definition of bullying, but it is usually defined as a repeated pattern of behaviour intended to cause emotional or physical harm to another person or exert power over them. The effect of bullying on the victim can be profound, both emotionally and physically, regardless of their age, ability or status.

It is important to recognise that bullying happens within churches, and it is not isolated to the children and young people. Anyone in the church can be a victim of bullying, just as anyone in the church can be the bully, including those in leadership.

Some examples of bullying that could arise in the church context are:

- Being verbally or physically abusive towards another person
- Isolating or deliberately ignoring someone, or excluding them from group activities
- Spreading rumours and malicious untruths about another person in the church
- Use of email, phone or social media to publicly challenge or undermine someone
- Name calling and personal insults
- Making false accusations
- Sending abusive messages or degrading images via phone, email or social media

Bullying will always cause a great deal of pain and harm for those on the receiving end. Many people affected by bullying, both children and adults, believe they have nowhere to turn. They are scared to speak out and often blame themselves. They can become fearful and reclusive. It is important that churches are able to recognise when bullying is occurring and are prepared to take action to resolve the situation.

Some signs that can indicate a person is being bullied are as follows:

- Withdrawal from group or church activities; appearing anxious, tearful or more reticent than usual, particularly in a certain context; development of mental health difficulties, such as depression or anxiety disorders; drop in performance relating to any church roles; physical injuries.

In order to help prevent bullying, the following procedures will be adopted within the church:

- The children and young people will be involved in agreeing a code of behaviour for their groups, which makes it clear that bullying is unacceptable. This should then be displayed somewhere visible to the whole church.
- The church will display signs stating the importance of valuing and respecting each other even in disagreements and this will be practically embedded into the leadership approach to others.
- Everyone in the church, whether children or adults, should know how they can report any incidents of bullying.
- All allegations of bullying will be treated seriously and details will be carefully checked before action is taken.

- The bullying behaviour will be investigated and bullying will be stopped as quickly as possible.
- An attempt will be made to help bullies change their behaviour.
- All allegations and incidents of bullying will be recorded, together with the actions that are taken.
- Where an allegation of bullying is made against a church or group leader, advice will be sought from the local regional safeguarding lead as this should be addressed.
- Incidents of bullying may be reported to the statutory authorities in line with the church safeguarding procedures.

It is important to distinguish bullying from other behaviour, such as respectfully challenging or disagreeing with someone else's beliefs or behaviours, setting reasonable expectations with regard to work deadlines and activities or taking legitimate disciplinary action.

Online safety –Bullying online and on social media is as serious as physical, in person bullying. In contrast to in person bullying there is often no escape from bullying online in a world where people, especially young people, are accessing their online world from wherever they are; there is no “safe space” and the emotional impact of online bullying can be significant as a result. With this in mind the same procedures apply to disclosures of online bullying as in person incidents.

3.3.2 Working with Alleged or Known Offenders

When it is known that a person who has been convicted of abusing children, young people or adults is attending our church, it is important that their behaviour within the church community is properly managed and that a contract is put in place. There are also times when it will be appropriate to take such measures with a person who has faced allegations of abuse but hasn't been convicted.

In determining the details of the contract:

- The DPS will inform and take advice from the Regional Safeguarding Lead.
- A risk assessment will be undertaken with the help of the Regional Safeguarding Lead to determine the contents of the Safeguarding Contract using the BUGB safeguarding risk assessment tool.
- There will be a discussion about who should be informed about the nature of the offence and the details of the contract.
- The rights of the offender to re-build their life without people knowing the details of their past offence should be balanced against the need to protect children, young people and adults at risk.
- The members of the church Safeguarding Team will always be informed.
- The DPS should determine whether the person is subject to supervision or is on the Sex Offenders' Register. If so, the DPS should contact the offender's specialist probation officer (SPO) who will inform the church of any relevant information or restrictions that they should be aware of.

An open discussion will be held with the person concerned which will contribute to the risk assessment and in which clear boundaries are established for their involvement in the life of the church. A written contract will be drawn up which identifies appropriate behaviour. The person will be required to sign the contract and it will be monitored and enforced. If the contract is broken certain sanctions will be discussed and considered with the Regional Safeguarding Lead.

3.3.3 Alleged or known offenders who are themselves adults at risk

A formal contract may be quite a daunting process for someone with learning difficulties or a young person, yet having safeguards in place is still necessary. Therefore, an alternative may be to arrange a meeting with the individual in question where they can be taken through the main elements of a formal contract in a way that is non-threatening and easy to understand. Notes would be taken and the individual would need to verbally agree to the requirements laid out in the meeting.

Rather than signing a formal 'contract', the individual would instead sign to say that they agree with the minutes or meeting notes, and that they will stick to what has been agreed during the meeting. This will result in the same outcome as a contract but is a more informal and appropriate approach for an adult at risk. The agreed requirements will need to be reviewed regularly to make sure that the individual is complying, exactly as a formal contract would be.

APPENDIX 1 - DEFINITIONS OF ABUSE

Understanding, Recognising and Responding to Abuse

Abuse and neglect are forms of maltreatment of an adult at risk. Somebody may abuse or neglect an adult at risk by inflicting harm, or by failing to act to prevent harm. Adults at risk may be abused in a family, or in an institutional or community setting; by those known to them or, more rarely, by a stranger. They may be abused by an adult or adults or a child or children. There are many different ways in which people suffer abuse. The list below is, sadly, not exhaustive.

Type of abuse	Child	Adult at risk
<i>Physical</i>	Actual or likely physical injury to a child, or failure to prevent physical injury to a child.	To inflict pain, physical injury or suffering to an adult at risk.
<i>Emotional</i>	The persistent, emotional, ill treatment of a child that affects their emotional and behavioural development. It may involve conveying to the child that they are worthless and unloved, inadequate, or that they are given responsibilities beyond their years.	The use of threats, fear or power gained by another adult's position, to invalidate the person's independent wishes. Such behaviour can create very real emotional and psychological distress. All forms of abuse have an emotional component.
<i>Sexual</i>	Involves forcing or enticing a child to take part in sexual activities, whether or not the child is aware of what is happening. This includes non-contact activities, such as involving children in looking at, or in the production of, pornographic material or watching sexual activities, or encouraging children to behave in sexually inappropriate ways.	Any non-consenting sexual act or behaviour. No one should enter into a sexual relationship with someone for whom they have pastoral responsibility or hold a position of trust.
<i>Neglect</i>	Where adults fail to care for children and protect them from danger, seriously impairing health and development.	A person's wellbeing is impaired and their care needs are not met. Neglect can be deliberate or can occur as a result of not understanding what someone's needs are.

Type of Abuse	Additional Definitions
<i>Financial</i>	The inappropriate use, misappropriation, embezzlement or theft of money, property or possessions.
<i>Spiritual</i>	The inappropriate use of religious belief or practice; coercion and control of one individual by another in a spiritual context; the abuse of trust by someone in a position of spiritual authority (e.g. minister). The person experiences spiritual abuse as a deeply emotional personal attack.
<i>Discrimination</i>	The inappropriate treatment of a person because of their age, gender, race, religion, cultural background, sexuality or disability.
<i>Institutional</i>	The mistreatment or abuse of a person by a regime or individuals within an institution. It can occur through repeated acts of poor or inadequate care and neglect, or poor

	professional practice or ill-treatment. The church as an institution is not exempt from perpetrating institutional abuse.
<i>Domestic Abuse</i>	Domestic abuse is any threatening behaviour, violence or abuse between persons aged 16 or above who are or have been in a relationship, or between family members. It can affect anybody regardless of their age, gender, sexuality or social status. Domestic abuse can be physical, sexual or psychological, and whatever form it takes, it is rarely a one-off incident. Usually there is a pattern of abusive, coercive and controlling behaviour where an abuser seeks to exert power over their family member or partner. The Domestic Abuse Act 2021 identifies children who see, hear or experience the effects of domestic abuse as victims in their own right.
<i>Online abuse</i>	The use of information technology (email, mobile phones, websites, social media, instant messaging, chatrooms, etc.) to repeatedly harm or harass other people in a deliberate manner. The Online Safety Bill, 2021, introduces new rules for internet search engines and firms who host user-generated content, i.e. those which allow users to post their own content online or interact with each other. Those platforms which fail to comply with the rules could face penalties of up to 10% of their revenue, and in the most serious cases some may even be barred from operating.
<i>Self-harm</i>	Self-Harm is the intentional damage or injury to a person's own body. It is used as a way of coping with or expressing overwhelming emotional distress. An individual may also be neglecting themselves, which can result in harm to themselves.
<i>Mate crime</i>	'Mate crime' is when people (particularly those with learning disabilities) are befriended by members of the community, who go on to exploit and take advantage of them.
<i>Cuckooing</i>	Cuckooing is the term used to describe occasions where the homes of adults at risk are taken over and used to distribute drugs or as a base for gang or criminal activities. The tenant may believe that the people who are in their home are their friends.
<i>Modern Slavery</i>	Modern slavery is the practice of treating people as property; it includes bonded labour, child labour, sex slavery and trafficking. In the UK we see examples of this through County Lines, Child Sexual Exploitation and forced labour.
<i>Human Trafficking</i>	Human trafficking is when people are bought and sold for financial gain and/or abuse. Men, women and children can be trafficked, both within their own countries and over international borders. The traffickers will trick, coerce, lure or force these vulnerable individuals into sexual exploitation, forced labour, street crime, domestic servitude or even the sale of organs and human sacrifice.
<i>Radicalisation</i>	The radicalisation of individuals is the process by which people come to support any form of extremism and, in some cases, join terrorist groups. Some individuals are more vulnerable to the risk of being groomed into terrorism than others.
<i>Honour / Forced Marriage</i>	An honour marriage / forced marriage is when one or both of the spouses do not, or cannot, consent to the marriage. There may be physical, psychological, financial, sexual and emotional pressure exerted in order to make the marriage go ahead. The motivation may include the desire to control unwanted behaviour or sexuality.
<i>Female Genital Mutilation</i>	Female genital mutilation (FGM) comprises all procedures involving partial or total removal of the female external genitalia or other injury to the female genital organs for non-medical reasons as defined by the World Health Organisation (WHO). FGM is a cultural practice common around the world and is largely performed on girls aged between 10 and 18. Performing acts of FGM is illegal in the UK as is arranging for a child to travel abroad for FGM to be carried out.

<i>Peer-on-Peer Abuse</i>	Peer-on-peer abuse is where sexual abuse takes place between children of a similar age or stage of development.
<i>Child on Child Abuse</i>	Child on Child abuse is when a child abuses another child of any age or stage of development
<i>Historic Abuse</i>	Historic abuse is the term used to describe disclosures of abuse that were perpetrated in the past. Many people who have experienced abuse don't tell anyone what happened until years later, with around one third of people abused in childhood waiting until adulthood before they share their experience.

Whilst it is not possible to be prescriptive about the signs and symptoms of abuse and neglect, the following list sets out some of the indicators which might be suggestive of abuse:

- unexplained injuries on areas of the body not usually prone to such injuries
- an injury that has not been treated/received medical attention
- an injury for which the explanation seems inconsistent
- a child or adult at risk discloses behaviour that is harmful to them
- unexplained changes in behaviour or mood (e.g. becoming very quiet, withdrawn or displaying sudden bursts of temper)
- inappropriate sexual awareness in children
- signs of neglect, such as under-nourished, untreated illnesses, inadequate care.

It should be recognised that this list is not exhaustive and the presence of one or more indicators is not in itself proof that abuse is actually taking place. It is also important to remember that there might be other reasons why most of the above are occurring

APPENDIX 2 – DETAILED GUIDANCE ON REPORTING REQUIREMENTS

STAGE 1 – THE WORKER

The duty of the person who receives information or who has a concern about the welfare of an adult at risk is to RECOGNISE the concerns, make a RECORD in writing and RESPOND by passing on their concerns to the DPS. If they are not contactable, or they are implicated in the situation, another member of the church Safeguarding Team should be contacted instead.

Concerns should be passed on to the DPS within 24 hours of the concern being raised. If anyone is considered to be in imminent danger of harm, a report should be made immediately to the police by calling 999. If such a report is made without reference to the DPS, they should be informed as soon as possible afterwards.

A written record using the standard safeguarding report form should be made as soon as possible after an adult at risk tells you about harmful behaviour, or an incident takes place that gives cause for concern.

The record should:

- be hand-written as soon as possible after the event
- be legible and state the facts accurately (when hand-written notes are typed up later the original hand-written notes should be retained)
- include the adult at risks name, address, date of birth (or age if the date of birth is not known)
- include the nature of the concerns/allegation/disclosure
- include a description of any bruising or other injuries that you may have noticed
- include an exact record of what the adult at risk has said, using their own words where possible
- include what was said by the person to whom the concerns were reported
- include any action taken as a result of the concerns
- be signed and dated
- be kept secure and confidential and made available only to the church Safeguarding Team (including the church minister), representatives of any statutory authorities involved and the local Baptist association.

If concerns arise in the context of a church group, the worker who has the concern may in the first instance wish to talk it through with their group leader, where appropriate. However, such conversations should not delay concerns being passed on to the DPS. It should be clear that the duty remains with the worker to record and pass on their concerns to the DPS.

If a concern is brought to the attention of a group leader by one of the workers, the leader should remind the worker of their duty to record and report, and will also themselves have a duty to pass on the concern to the DPS.

STAGE 2 – THE DESIGNATED PERSON FOR SAFEGUARDING (DPS)

The duty of the DPS on receiving a report is to REVIEW the concern that they have received and REPORT the concern on to the appropriate people, where necessary.

The duty to REVIEW

In reviewing the report that is received, the DPS:

- should take into account their level of experience and expertise in assessing risk to adults at risk.
- must take into account any other reports that have been received concerning the same individual or family.
- may speak with others in the church where appropriate (including the Minister and Church Safeguarding Team, unless allegations involve them) who may have relevant information and knowledge that would impact on any decision being made. Such conversations should not lead to undue delay in taking any necessary action.
- may consult with other agencies to seek guidance and advice in knowing how to respond appropriately to the

concerns that have been raised.

The duty to REPORT

The DPS will decide who the report should be referred on to, working in conjunction with the church Safeguarding Team where appropriate. They may:

- refer back to the worker who made the initial report if there is little evidence that an adult at risk is being harmed, asking for appropriate continued observation.
- refer the concern to others who work with the adult at risk in question, asking for continued observation where appropriate.
- Inform parents / carers under certain circumstances, where doing so would not present any further risk of harm.
- Make a formal referral to the police or local Social Services team. With adults at risk, confidentiality means that someone's personal business is not discussed with others, except with their permission. This is not always possible when considering passing relevant information about abuse or concerns to the statutory authorities, however, it is possible to keep the information confidential to the relevant parties. This means not telling or hinting to others what has been disclosed, not even for prayer ministry purposes. For adults at risk, concerns will only be referred to the police or Social Services without consent where:
 - the person lacks the mental capacity to make such a choice
 - there is a risk of harm to others
 - in order to prevent a crime
- If an allegation is made against someone who works with adults at risk*, it should be reported to the police or Adult Social Services.

**If a worker has an allegation made against them, they should step down from all church duties until the incident has been investigated by the statutory authorities. It may also be appropriate to put a Safeguarding Contract in place; this should be discussed with the local Baptist Association Safeguarding Contact.*

- Whenever a formal referral is made to the police, Social Services, the DPS should report the referral to:
 - The Safeguarding Trustee
 - The Minister
 - The local Baptist Association Safeguarding Contact

A record should be kept of all safeguarding incidents and should be considered in the annual review of the church's safeguarding policy. All original reports should be retained safely and securely by the DPS and a written record should be made of the actions taken.

STAGE 3 – THE NEXT STEPS

Responsibilities to **REPORT** and **SUPPORT** in stage 3 of the process are shared by the church Safeguarding Team and the Minister.

The duty to SUPPORT

Once concerns, suspicions and disclosures of abuse have been addressed, the church continues to have a responsibility to offer support to all those who have been affected, including:

Victims; Alleged perpetrators; Children; Adults at risk; Other family members; Church workers; Church Safeguarding Team; Minister; Leadership Team.

The duty to REPORT

If a church worker has been accused of causing harm to adults at risk this would be classed as a serious incident that should be reported to the Charity Commission by those churches that are registered with the Charity Commission.

If a worker has been removed from their post or would have been removed from their post because of the risk of harm that they pose to adults at risk, there is also a statutory duty to report the incident to the Disclosure and Barring Service.

Crawley Baptist Church

Standard Safeguarding Report Form

Name of Person:

Date of Birth:

Group:

Reason for concern:

*Unexplained injury

*Disclosure

*General Concern

*Delete as applicable

APPENDIX 4 – SAFEGUARDING INCIDENT FORM (DPS)

This form should be completed by the Designated Person for Safeguarding

PERSON REPORTING THE INCIDENT OR CONCERN:
Name: _____
Address: _____
Phone number: _____
Email: _____
Role in Church: _____

DETAILS OF CHILD / ADULT AT RISK YOU ARE CONCERNED ABOUT:
Name: _____
Date of Birth / Approximate Age: _____
Address: _____
Phone number: _____
Email: _____
Do they know that you are sharing concerns about them? _____
If not, please explain why: _____

IF UNDER 18 PLEASE INCLUDE DETAILS OF THE PARENT OR CARER:
Name: _____
Address: _____
Phone number: _____
Email: _____
Relationship to the child/ young person: _____
Do they know that you have concerns that you are sharing? _____
If not, please explain why: _____

DETAILS OF ALLEGED PERPETRATOR (IF RELEVANT)
Name: _____
Address: _____
Phone Number: _____
Email: _____

Are they an adult or a child (under 18): _____
Relationship to the child/adult at risk: _____
Does the child / adult at risk live with the alleged perpetrator? _____

DETAILS OF INCIDENT OR CONCERN:

- Remember to include the 4 W's – Who, What, Where, When.
- Be clear whether this is something you have been told about or something that you have observed directly.
- Include names of anyone else who witnessed the incident or is aware of the concern.
- Refer to the church safeguarding policy if you are unsure what to include.

Please continue on a separate sheet if necessary

HAVE YOU CONTACTED ANYONE ELSE (SOCIAL SERVICES, POLICE, LADO, REGIONAL SAFEGUARDING LEAD, MINISTER)?

Please give details of who and when below:

Organisation: _____

Name of contact: _____

Date of contact: _____

This Incident Form should be passed to the Designated Person for Safeguarding (DPS) within 24 hours of any incident or concern arising. Do not delay reporting your concerns to the DPS because you do not have all the information requested in this form. Where there is an immediate risk of harm, please call the DPS straight away and use this form to follow up on that call. Remember if they are not available call the police or social services, do not wait for the DPS to be available.

Remember: Treat this information confidentially. Do not discuss the contents of this form with anyone other than the DPS, not even for prayer purposes.

Signed

Date

APPENDIX 5 - REPORTING FLOW CHART

Stage 1

A worker has a concern about the welfare of an adult at risk or the behaviour of an adult

The person who has the concern has a duty to

REPORT AND RECORD

The concern must be reported immediately to the
Designated Person (Sandra Warner on 07951014706)

A written record must be made of the incident using a standard incident report form

If an adult at risk is in imminent danger of harm a referral should be made without delay to West Sussex Adult Social Services on 01243 642121 (Monday – Friday, 9am – 5pm)) or 03302227007 (out of hours) or the police on 101 or 999

Stage 2

The Designated Person has a duty to

REVIEW AND REFER

The report will be reviewed by the Designated Person with any other relevant information and a decision will be taken (often in liaison with others i.e. The Safeguarding Trustee, Senior Minister, Wendy Mann) as to what action should follow. Any referral to the West Sussex Adult Social Services should normally be made within 24 hours of receiving the report

If an adult at risk is in imminent danger of harm a referral should be made without delay to West Sussex Adult Social Services on 01243 642121 (Monday – Friday, 9am – 5pm)) or 03302227007 (out of hours) or the police on 101 or 999

Stage 3

The Designated Person, Deputy Designated Person, The Safeguarding Trustee and Senior Minister have a duty to

REPORT AND SUPPORT

Support should be offered to all parties affected by any safeguarding concerns and where formal referrals are made reports may need to be made to the West Sussex Adult Social Services and Wendy Mann (SEBA)
